Vehicular Investigator and Expert Witness:

I specialize in vehicular analysis, accident investigation and reconstruction, motorcycle related incidents, and expert witness representation in regards to vehicle accidents.

Autonomous Vehicle Specialist:

I specialize in autonomous vehicle research and development in regards to roadway safety and emergency maneuvering. I have the skills, knowledge, and resources to provide my clients a professional level motorcycle rider/vehicle driver to find, diagnose, and solve any gaps in the autonomous software, as well as find the physical limitations of the vehicle itself.

Experience:

20+ years in the motorsports industry
10+ years as a professional racer
10+ years coaching experience (2 wheels and 4)
5 years as in the accident reconstruction field
5 years as an autonomous vehicle R&D specialist
Licensed Commercial Electrical Journeyman
Volunteer Firefighter (Rank: Engineer/DO)

Companies I work with:

Allen Berg Motorsports Schools (ABMS)
Sears Point Racing Experience (SPRE)
Skip Barber Racing Schools (SBRS)
American Supercamp (ASC)
Waymo Technologies
Rock and Sons, Inc.

Education:

5 year electrical design and construction degree - WECA (2017-2022)
8,000hr electrical construction apprenticeship - WECA (2017-2022)
Cal Fire/NCFD fire science/firefighter 1 Academy (2019)
Various CSFT, CalFire, and ACTAR accredited investigation and leadership
courses (2019-current)
